Reply of the Queries received from various Applicants during Pre-bid Meeting held on 16.02.2026 through Hybrid mode regarding Short Tender for “Undertaking Geophysical Survey in Sokra Graphite Block, Palamu District, Jharkhand” published vide Tender Reference No. 10/2025-26, Dated 06.02.2026.

Sl. No.	Name of Applicants	Query	Reply
1	DM Consulting Engineers Pvt. Ltd.	<p>1. As per Clause 5.1(b) of the Scope of Work, the total survey area is mentioned as 4.00 square kilometers. However, Clause 5.2(c) states that the survey work shall be carried out over an area of 40 line square kilometers. Kindly clarify the correct survey extent. Additionally, please advise on the required spacing of ERT and SP lines, as well as the orientation of the survey lines-whether they are to be conducted in a single direction or in a perpendicular (grid) pattern.</p> <p>2. As discussed during the meeting, we request an extension of the last date of bid submission.</p> <p>3. The financial eligibility criteria have not been specified in the tender document. If applicable, kindly provide details of the required financial criteria.</p>	<p>1. The Clause 5.2(c) of the tender document is revised as below: -</p> <p><i>“The survey work shall be carried out over an area of 4.00 sq. km. covering a total of 40 survey lines. However, the number of survey lines and the quantity of work may vary depending on requirements and other constraints.”</i></p> <p>The spacing of ERT and SP lines shall be 50 meters of grid intervals which may vary depending of requirements and other constraints.</p> <p>2. To be considered.</p> <p>3. The following additional criteria for the financial eligibility have been inserted after sub clause – (l) of the clause-4 under “Tenderer’s Profile Details” of the tender document: -</p> <p><i>(m) Annual Turnover: The bidder should have minimum aggregate annual turnover of Rs. 25 lakhs in</i></p>

		<p>4. We request you to kindly provide the topographical map of the survey area for reference.</p>	<p><i>the last 03 financial years. Audited balance sheets should be submitted along with the bid. Non-compliance shall result in rejection of bid.</i></p> <p><i>(n) Net worth: The bidder must have a positive net worth as per the latest audited financial statements. A certificate from the Statutory Auditor, certifying the positive net worth, shall be submitted along with the bid documents.</i></p> <p>4. The topographical map of the survey area will be provided by the Directorate of Geology.</p>
2	Wenne Geophysical Services Pvt. Ltd.	<p>1. Whether the 250 m depth is required to be achieved uniformly along each resistivity profile, or only over identified anomaly zones?</p> <p>2. a) Whether "40 line km" refers to total cumulative profile length irrespective of grid layout?</p> <p>b) Whether there is any prescribed grid spacing (e.g., 100 m / 200 m / 500m) between survey lines?</p> <p>3. Whether topographic data will be provided by the department or is it to be carried out by the agency?</p>	<p>1. Uniformly along each resistivity profile.</p> <p>2. a) As mentioned above.</p> <p>b) As mentioned above.</p> <p>3. As mentioned above.</p>
3	Sathi Planners Pvt. Ltd.	<p>1. Quantity of Work & Bidding Format</p> <ul style="list-style-type: none"> • Kindly confirm the actual quantity of work involved. • Please specify whether the bidding process will be unit-based or lumpsum. <p>2. Forest Department Permission</p> <ul style="list-style-type: none"> • Clarify whether permission from the Forest Department will be obtained through the Department of Mines and 	<p>1. As per scope of work of the tender document. The bidding process will be unit-based. Accordingly, the financial bid format has been revised.</p> <p>2. The permission regarding forest and other statutory clearances will be obtained through the Directorate of Geology,</p>

		<p>Geology or handled directly by the Consultancy.</p> <p>3. Deliverables</p> <ul style="list-style-type: none"> • Please outline the exact deliverables expected. • For example: Raw Data, Metadata, Final Survey Report, Annexures, and Types of Maps. <p>4. Survey Benchmark</p> <ul style="list-style-type: none"> • Confirm if an existing benchmark is available at the survey site. If not, should we establish a fresh benchmark independently? <p>5. Area Plan</p> <ul style="list-style-type: none"> • Please specify whether the Area Plan will be provided by your office. • Alternatively, should we prepare the Area Plan ourselves? 	<p>Government of Jharkhand.</p> <p>3. As per tender document.</p> <p>4. The topographical map of the survey area will be provided by the Directorate of Geology.</p> <p>5. As per tender document.</p>
4	Parsan Overseas Pvt. Ltd.	<ul style="list-style-type: none"> • Quantity not clear as per the provided scope, it's written 40 sq. line kilometers in which is not understandable to us. Kindly clarify the same. • The Tender hard copies are to be submitted by only speed post and by hand. Speed posts may take longer time frame to reach than given timeline. As time more will be required for us to prepare the tender and submit the hard copies. So, you are requested to kindly extend the time period for 2 more weeks. • Kindly mention the grid of survey to be done. 	<ul style="list-style-type: none"> • Already mentioned above. • To be considered. • As mentioned above.

CORRIGENDUM NOTICE

The following changes are hereby made in the Short Tender for “*Undertaking Geophysical Survey in Sokra Graphite Block, Palamu District, Jharkhand,*” published vide Tender Reference No. 10/2025–26, dated 06.02.2026, in light of the Pre-bid Meeting held on 16.02.2026:

Sl. No.	Existing Clause	Revised Clause
1.	(2)(8)- Bid Data Sheet: Last date of submission of Bids/Tender: 23.02.2026 (till 1:00 PM).	(2)(8)- Bid Data Sheet: Last date of submission of Bids/Tender: 09.03.2026 (till 1:00 PM).
2.	(5.2) (c) The survey work shall be carried out over an area of 40 lines square kilometers . However, the quantity of the work may vary depending on requirements and geological constraints.	(5.2) (c) “The survey work shall be carried out over an area of 4.00 sq. km. covering a total of 40 survey lines. However, the number of survey lines and the quantity of work may vary depending on requirements and other constraints.”
